LUBRICANTS PRODUCTS GUIDE

LUBRICANTS PRODUCTS GUIDE

PASSENGER CARS AND LIGHT TRUCKS

Power Prima SW20 / SW30 / SW40 SP

Fully Synthetic Engine Oil – Exceptional Performance matching the latest API standard

Power Synova 0W16 / 0W20 / 0W30 / 0W40 / 5W40 SN

Fully Synthetic Engine Oil – Optimum Quality for the latest generation of high performance cars

Power Synth 5W30 / 5W40 SN

Fully Synthetic Engine Oil – High Performance for modern engines

Power Synth S 10W30 / 10W40 SN

Synthetic Engine Oil – High Quality for extended drain interval

Power Plus 10W30 / 10W40 / 15W40 / 20W50 SL

Premium Engine Oil – High Quality Oil for all operating conditions

HEAVY DUTY DIESEL ENGINE LUBRICANTS

Power Optima 10W40 CK4

Synthetic Diesel Engine Oil that delivers significant improvements in wear protection, deposit control and resistance to breakdown under high temperatures

Power Thrust Plus CI-4 10W40 / 15W40 / 20W50

Premium Diesel Engine Oil for long drain intervals and improved fuel efficiency

Power Thrust Plus CH-4 15W40 / 20W50 / SAE 50 / SAE 40

Quality Diesel Engine Oil for superior wear protection

CADEK 10W / 30 / 50

Multipurpose Heavy Duty Diesel Oil with superior protection from rust and corrosion

TRANSMISSION FLUIDS

Trans Max + DEX IV & DEX VI

Fully Synthetic Automatic Transmission Fluid for extended transmission life

Trans Max DEX III

Automatic Transmission Fluid designed to provide superior performance

SUPERIOR PERFORMANCE .EXPECTED.

2 AND 4 STROKE ENGINE OIL

Power Ride JASO FB / YC

2-Stroke Engine Oil for air cooled engines providing long term protection

POWER BIKE 10W30 / 20W40 / 20W50 JASO MA / MA2 / SL

High Performance 4-Stroke Motorcycle Engine Oil

POWER GLIDE 10W40 / 25W40 NMMA FC.W

Fully Synthetic Recreational Engine Oil

COOLANTS

Ultra Cool Plus

Ethylene Glycol-Based Antifreeze and Engine Coolant designed for advanced cooling performance

Ultra Cool 40% / 50% / 100%

Ethylene Glycol-Based Engine Coolant that provides a high degree of protection against corrosion

INDUSTRIAL LUBRICANTS

Hydra Max 10W / 32 / 46 / 68 / 100 / 150 / 220

High Performance Hydraulic Oils with superior stability and enhanced corrosion control

Gear Max SP 68 / 100 / 150 / 220 / 320 / 460

Heavy Duty Industrial Gear Oil providing outstanding thermal stability and high load-carrying ability

AUTOMOTIVE GEAR OILS

Gear Max 90 / 140 / 80W90 / 85W90 / 85W140, GL4, GL5

High Quality Automotive Gear Oil for differentials, manual transmissions, axles and other automotive gears

BRAKE FLUIDS

Brake Max DOT 4

High-Quality Brake Fluid formulated specifically for hydraulic brake systems

GREASES

Classic Greases MP0 / MP1 / MP2 / MP3

Multipurpose Lithium based greases designed to meet the lubrication requirements of all automotive and selected industrial grease applications

Classic Plus Greases EP2 / EP2 HT / EP3

Lithium based greases for high pressure and high load applications

About Emarat

For nearly 40 years, Emarat has manufactured and marketed high quality lubricants. The combined resources and technology of Emarat and its partners –ExxonMobil & BP at MELUBCO (Middle East Lubricants Company) Blending Plant in Jebel Ali, Dubai, United Arab Emirates produce powerful lubricants with large competitive advantage. Our knowledge of local business environments, and our broad experience of operating in a wide array of countries, ensures that we produce technologically advanced, world-class products for our customers on a global scale.

Emarat's oils are formulated to meet API, ILSAC, GSO, ACEA, ASTM and JASO standards. They are manufactured in a plant certified to ISO 9001:2015, ISO 14001:2015, OHSAS 18001:2007 and IATF 16949:2016 and have received ESMA certification.

Emarat offers a wide range of lubricant products as well as a team of dedicated industry experts who can work with you on customized solutions to meet the diverse needs of the automotive and industrial sectors.

To find out more about the entire product range, including full specifications and downloadable brochures, visit the Emarat website at emarat.ae and find Lubricants under the Commercial Products section.
